

01 / FILLABLE PROJECT WORKSHEET

Custom Fightwear Project Brief

For rash guards, MMA / grappling shorts, training shorts and coordinated sets.

Download and save a local copy before typing. Complete the fields in a PDF reader that supports forms, then save and attach the file to your inquiry. Blank fields mean not yet confirmed. Do not enter payment or identity-document details.

1. Contact & project reference

Brand / gym / company

Contact name

Business email

WhatsApp / phone (optional)

Project name / reference

Delivery country / city

2. Product direction

Main product

Reference product URL / style code

Intended sport, wearer group and fit direction

Top priorities: material, coverage, movement, branding or other details

A product photograph can start the discussion. Physical fit, fabric and decoration are confirmed through sampling. A mockup does not establish finished-garment performance.

02 / ORDER SCOPE & APPROVALS

Define the order scope

Use one reference for each distinct style or design; attach a separate size allocation if needed.

3. Quantities, sizes & artwork

Estimated total quantity (pcs)

Number / names of colorways

Size allocation by color / design (example: Black S 10, M 20, L 10)

Main fabric, liner / mesh and preferred composition / GSM if known

Construction: sleeve, hem, split, gusset, liner, waist / closure

Artwork status, logo files and placement priorities

Private labels, care / size labels and packaging requirements

Requested delivery date (not a confirmed promise)

Sample route / approval contact

Questions, required tests, target budget or unresolved details

Selected custom projects start from 10 pieces; minimums by style, design, color and size mix require written confirmation. The 3-7 day sample target starts after usable artwork and details are confirmed; sourcing and revisions may extend it. Request a written quote for all charges and delivery scope.
